Dear Parent/s and/or Guardian/s

I hope you all had a lovely half term. Thank you for all your support to ensure your child was settled into Class 2 last term. I am very proud of all of them they are certainly working very hard! Please can you continue to check your child's book bag regularly- letters home and your child's homework will be placed in there.

Thank you to those of you who had the opportunity to spend time with your child on a Friday morning to read with them and for them to share their work with you. This will be continued next term.

I look forward to see you either on Wednesday 5<sup>th</sup> November (3.45-5.30) or Thursday 6<sup>th</sup> November (5.30-8). Just a reminder that the Parents meeting will be in the classroom on the Wednesday and staff room on the Thursday.

### **Other Information**

- PE kits will be required every Tuesday and Friday.
- Reading books will be changed every Monday and Friday so please ensure your child has their book. Please continue listening to your child read as much as possible.

### **Curriculum information**

Class 2 will be learning about the Fire of London.

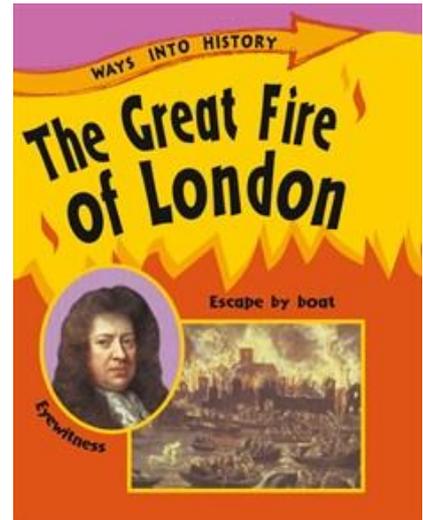

The children will share what they found out as part of their topic homework and then discuss what they would like to learn about.

In History, they will learn about what happened in the Fire of London, why the fire spread so quickly and how they rebuilt London. The children will also learn about the Great Fire of Northampton.

### **Literacy and Numeracy**

In Literacy we will be looking Non-fiction books, songs and repetitive poems and pattern and rhyme including the Fire of London where possible. There will be daily teaching of Phonics and we will continue to look at new sounds. In Numeracy, the children will be developing their counting, addition and subtraction skills and identifying sequences. They will then move onto shape, doubling and halving and then time. We will include Mathematical investigations involving measure and calculation in the topic where we can.

### **Foundation subjects**

In Geography will identify where London is located on a map. In Art and Design Technology, they will use a range of techniques in using colour and pattern. In ICT we will search for information and pictures connected with our topic and use programs to present our work.

Yours sincerely,  
Miss Willson
