

Class 3 Information

Dear Parents,

Everyone is settling in to year 2 really well. The whole class have been appointed as time travellers and are eagerly awaiting their first mission!

Our topic this term is History based. We will be finding out about two famous Queens in

order to make a presentation. In science we will be covering light and dark, and in Art we will study portraits from the past before producing our own.

In Maths we will concentrate on calculation skills as well as investigating time, shape and measure. In literacy we will look at stories connected to travelling back in time as well as information books, before moving on to fantasy stories so we can write our own stories about time travel.

Spellings will be given on a Monday for children to practise at home and will be tested on a Friday. The children will shortly be given mental maths practice to work on at home. They will also receive maths, reading and writing targets to share with you. Reading books will be changed at least twice a week. Please read with your child and record in their reading record books.

PE is inside on Monday and outside on Tuesday. Please send your child with a sweatshirt and joggers when the weather becomes cooler.

Instead of using cups in school for water could you please send your child with a full water bottle which they will bring home each day.

You are all welcome to come into class on Friday mornings to share work with your children, starting Friday 19th Sept

I am sure we will have an exciting and productive term. If you have any worries or concerns, please do not hesitate to contact me.

Yours sincerely

Corinne Gibbs
