11th January 2017.

Dear Parents and Carers,

It is with great excitement that we can now launch Denton Primary's new maths library, kindly funded by FODS.

This new initiative will not only be another, alternative way to support and develop vital maths skills and knowledge but will also be a fun way to engage your child/ren with maths in both a social and competitive way.

Every week, during term time, the children will be given the opportunity to select a maths game to take home. We would kindly ask you to support your child by playing the game at least once a week and make a note in their reading record to inform staff how your child has got on.

As a great deal of money has been spent on buying these resources we would like them to last for many years to come and with this in mind we would ask that every game is returned in its original plastic wallet with all the accompanying resources.

We very much hope you enjoy playing the maths games with your child as much as the children have enjoyed exploring them.

Yours sincerely,

Jill Gardner
